

EVE (25), a beautiful naturally striking young woman, cooks at the stove. She looks over her shoulder as they enter the room.

MARCUS

245 Eve... this is Rod.

245

A beat.

MARCUS (CONT'D)

246 The real one. Rod, Eve.

246

Eve turns fully and looks at Rod.

EVE

247 Finally.

247

Rod gives Eve a puzzled look.

ROD

248 Finally?

248

MARCUS

249 Well, my job is done.

249

Eve quickly turns to Marcus.

EVE

250 You don't get off that easy.

250

Rod notices the agitated look on Marcus's face.

ROD

251 Somebody needs to say something.

251

MARCUS

252 It's a long story.

252

Eve looks at Rod and immediately starts to spill the beans.

EVE

253 No it's not. He pretended to be you.
So he could collect money that was
meant for you. That caused a chain
reaction that we can't undo, and here
we are.

253

Marcus looks at Rod.

MARCUS

254 That's a very aggressive summary. It 254
 was actually more to it than that.

EVE

255	No, that's pretty much everything in a nut shell.	255
-----	---	-----

Marcus seems as if Eve pressed one too many buttons. He turns to her and attempts to tell her about herself.

MARCUS

256 Can you please just ummm. You doing 256
too much.

EVE

257 And you're an idiot. 257

Rod stares at Marcus. Marcus tries to talk to Rod under his breath so Eve doesn't hear.

MARCUS

258 I tried to make a move for us. It 258
didn't work out like I planned.

EVE

259 It worked long enough to put all of us 259
in danger. He was safe until
(interruption).

Marcus cuts Eve off before she can finish. Upset and now super agitated.

MARCUS

260 Oh my God! Do you ever stop talking? 260
He ain't trying to hear all that.

Rod interrupts the two of them. Looking at Eve he ask.

ROD

261 What do you mean, was safe? 261

Eve lowers the flame beneath the pot. She looks over at Rod. There's something heavy in her eyes... something she's clearly weighing whether to say. Instead, she turns back to the stove and begins fixing Rod a plate. Across the room, Rod turns his attention at Marcus. The disappointment on his face says enough. Marcus notices. He gets closer and leans in, lowering his voice just enough to keep Eve from hearing. With a dead serious tone he looks Rod in the eyes.

	MARCUS	
262	Listen, it's not that bad.	262

Not hearing what Marcus whispered to Rod. Eve puts a lid on the pot. Turns to Rod and without missing a beat says.

	EVE	
263	It's as bad as you think.	263

Marcus just drops his head.

	MARCUS	
264	You can't be serious.	264

	ROD	
265	Tell me.	265
